CALL FOR PAPERS

The 8th IEEE International Conference on Natural Language Processing and Knowledge Engineering(NLP-KE'12) will be held on September 20-24, 2012, in Hefei(Huang Shan), China. Prospective authors are invited to submit papers reporting original and previously unpublished work.

Papers are to be submitted electronically, as PDF files. Only full papers received before the deadline will be considered for review. The review process will be blind. Please do not show authors' information in any way in your paper. The length of a paper is limited to 8 pages for oral (regular) papers and 4 pages for short papers and poster papers.

All accepted papers should be in IEEE conference format which can be found on the IEEE website or downloaded from the conference website.

All accepted papers will be included in the Conference Proceedings which will be published by IEEE (EI-indexed). Papers with high quality will be recommended to one of the following international journals: Enterprise Information Systems(SCI-indexed, there will be a special issue on NLP and KE), Expert Systems(SCI-indexed), International Journal of Advanced Intelligence, Information Systems Management (SCI-indexed), Chinese Journal of Electronics (SCI-indexed), China Communications (SCI-indexed),.

Important Dates

Deadline of Paper Submission: 30 April, 2012 Acceptance Notification: 15 June, 2012
Early Registration: 20 July, 2012

Topics of the conference include, but are not limited to, the following:

- 1 Morphological Analysis
- 2 Lexical Semantics and Ontologies
- 3 Sentence Parsing
- 4 Discourse and Dialogue Analysis
- 5 Natural Language Generation
- 6 Spoken Language Processing
- 7 Language Resources
- 8 Information Retrieval
- 9 Machine Translation
- 10 Multimodal Representations and Processing
- 11 Social Media Computing
- 12 Information Extraction
- 13 Question Answering
- 14 Sentiment Analysis and Affective Computing
- 15 Other NLP applications
- 16 Text Mining
- 17 Knowledge Representation
- 18 Knowledge Acquisition and Discovery
- 19 Language Knowledge Engineering
- 20 Robot
- 21 Other Issues related to Knowledge Theory and Engineering
